ContractorAUSTRALIA HAS
SOME SPEEDY
SWIMMERSIf Duke Kahanamoku Makes
American Team He Will Be
Up Against Fast Ones.

Australia has turned covetous eyes on the Olympic swimming events, and optimistic sport writers of the Antipodes are already figuring on the amount of excess baggage their champs will have to pay when they bring home the trophies. If Duke makes the American team, and gets a chance to meet the Australian swimmers, it will be interesting for those on the spot to note how the local man's style differs from the regulation crawl as used by the Australian swimmers.

A Sydney critic, "Meriman," writes on Australia's chances as follows:

There is one great absorbing topic in local and Australian swimming circles at the present time. Natatorial talk all centers round the Olympic games at Stockholm in July next. And why the great interest? Because Australia is to be represented, and it would seem properly represented, in the swimming contests. The Olympic games have been held at regular intervals of four years since 1896, namely, at Athens in 1896, at Paris in 1900, at St. Louis in 1904, unofficially in Athens in 1906, and in London in 1908. This year Stockholm will be the deciding place. At every previous meeting Australasians have competed with credit in the various athletic contests. The swimming representation has, however, never been really strong. This continent was represented at Paris in 1900 by F. C. V. Lane, at Athens in 1906 by Cecil Healy, and in London in 1908 by Frank Beaurepaire, E. J. L. Cooke, T. B. Tartakover, F. W. Springfield and R. L. (Snowy) Baker. But a really representative team of swimmers has never been sent to the games, which is to be deplored, for Australia has and is producing nearly all the champions in this branch of sport. The world's governments and peoples are beginning to recognize the importance of these games. They promote international goodwill, besides proving to a young country such as Australia a huge advertisement if properly represented.

Australians, it must be admitted, are masters in almost every athletic sport. But however good the rowers may be, however good the boxers, runners, jumpers, cyclists, riflemen, etc., none probably would be seen to such advantage against the world in competition as a team of Australian swimmers. The local fund established to secure this swimming representation has swelled to about £200, which would pay the expenses of three swimmers. An effort is being made to send a team of four or five to compete. The swimming events for men at the games include, 100 meters, 400 meters and 1,500 meters free style, and an 800 meters teams race for teams of four, each member of a team being required to swim 200 meters. There are also diving and breast-stroke events, but the teams race is the contest coveted by Australia, for the nation winning it will be recognized as having the best collection of swimmers in the world. If properly represented, there seems every reason to hope that Australia would win the world's swimming supremacy.

I didn't know Hawaii had a lumbering industry," said a stranger after reading American-Hawaii. Perhaps your friend or business correspondent does not either. Let everyone know about all the industries of Hawaii by mailing copies of the Bulletin's 1912 Industrial Edition.

FIVE MATCHES OF
WALL CUP TO BE
SETTLED TODAYA Regular Jinx Has Been After
the Beretania Players for
the Past Week.

There must be a big black jinx lying at the bottom of the Wall Cup. And, by the way, when the cup is won, the most appropriate liquid to fill it with will be rain water. For the tenth time play was postponed yesterday, on account of the weather, the Beretania courts being in no shape for play after the soaking of the last few days.

It is believed that this afternoon they will be sufficiently dried out to make play possible, and five matches have been scheduled for settlement.

At 4 o'clock Deerr will play L. Dowsett, and the Nowell-Sinclair match, in which each player has a set to his credit, will be completed. C. G. Bockus will play the winner of this last match. At 5 o'clock Guard will play J. H. Barnes, and Macaulay will come up against K. B. Barnes.

The Gray-Richards match has gone to the first-named player by default.

Kamehameha athletes don't feel discouraged over their defeat by Punahoa Monday in the first dual meet. Most of the men seem to have at last got the "feel" of the ball, and they now sling 'em down the drives with both confidence and success.

The class of bowlers has greatly improved during the last few weeks.

Tonight: Bank of Hawaii vs. Honolulu.

Franz says his arm and eye failed to cooperate.

We certainly must "hand it" to Rantz for his untiring coaching.

Dyson's witticisms were very much in evidence, between "acts."

Wonder who is captain of the Stragglers when Arledge is away?

There was a "league meeting" on the "lana'i" between 10:30 and 12 p.m.

For the Stragglers Edgecomb had both high score and average, 269 and 187.

For the losers Morath had high score, 187, while Rantz had average, 182.

The Stragglers retained the premier position in the league by taking all three games from the Oahus.

Rantz is keeping his eye open for promising bowlers. He landed a good one in the person of Morath.

The endurance match between Winnie and Williams and the two Kauai cracks will probably be rolled off Saturday, starting at 5 p.m.

The "W" team was formally organized last evening, and a match will be rolled Thursday against the "Pick of the League."

The "W"—Williams (captain), Wilkins, Winnie, White and Wisdom.

The "Pick of the League"—W. Loftus (captain), B. Loftus, Gouin, Rantz and Edgecomb.

This game is causing no little comment and there is no doubt that a new record will be raised on the "W" alleys.

Governor Frear yesterday afternoon cabled to Attorney General Wickham that in the opinion of the leading attorneys here there were not too many circuit judges and that he concurred with this statement.

This was the outcome of the inquiry sent by cable yesterday by Wickham, the details of which appeared in the Bulletin yesterday afternoon. It was stated that although there may seem to be too many judges from a population standpoint, in reality all are needed or else the work will get behind.
